## You're taking the right step when you switch to Spurs

YOU can't do better. After you've smoked through a pack of Spurs, you won't want to go back to other cigarettes. You'll find your old kind sort of flat and uninteresting, like last year's politics.

For Spurr's good tobacco taste can't help but win you for keeps. There's rich, mellow Turkish, flavorful Burley and other home-grown tobaccos blended in a new way that brings out to the full the all-round goodness of this top-notch cigarette.

And Spurr's top all—all ways. They're crimped. That means slow burn smooth taste—no paste. The smart "brown-and-silver" package is three-fold to keep Spurr's fresh and fragrant.

Twenty cents will prove that Spurr's are your kind of cigarettes—top notch quality at rock-bottom price. The sooner you try them the gladder you'll be.
